2026 REGIMENTAL CHRISTMAS CARD

Preceded by the Regimental Band and Corps of Drums, the New Guard arrives at Friary Court on a chilly morning in the late 1920's, for the enduringly popular ceremony of Changing the Guard. Their route will surprise many with more recent experience, but at this time it was normal to approach St James's Palace by way of Ambassador's Court and Cleveland Row. This Christmas the 1st Battalion completes a 2-year rotation into London District and in early 2027 it returns to the Field Army. Nijmegen Company will continue to provide a reassuringly smart Grenadier presence at the Royal Palaces.

From an original painting by Sean Bolan

This year, as a result of escalating costs, there remains only one option: A colour reproduction of this painting on the outside cover of the card, finished with a Blue - Red - Blue Border
